

SAVINGS PROGRAM

OFFSET YOUR UNION DUES

The big box chains and large corporations are making it difficult for small business to thrive in our communities. NOWU\$ is designed to reverse that concept, and push business back into our neighbourhoods. We believe in supporting family and friends in our local business community.

The NOWU\$ Savings Program exists to offer it's members more savings than they spend in Union Dues each year. Although Union Dues are tax deductible, being a member of a Union should offer tangible benefits you can enjoy on a daily basis. Times are tough, and NOWU\$ puts more money back into you and your families pocket.

HOW IT WORKS
