

SAVINGS PROGRAM

EXPAND YOUR BUSINESS

Ready to expand your customer base? The NOWUS Savings Program has thousands of members, many of which likely reside near your business. NOWUS promotes your business to its members through our website and word of mouth, in exchange for a discount for NOWUS members.

The discount you offer is entirely up to you, and isn't offered until a NOWUS member proves their current membership status. In reality, you are only giving discounts as your business is growing with the influx of new customers and clients. The majority of NOWUS members work in Healthcare, meaning the positive word of mouth will travel well outside the NOWUS membership.
